Issues / Message

To whom it may concern:

I am writing to you in order to request the removal of my name following the General Data Protection Regulation of the European Union (GDPR), in particular in relation to Article 17, which provides for the right to be forgotten. By means of this letter, I wish to exercise my right to be forgotten and request the deletion of the above-mentioned data being processed by your website. My request is based on the following fundamental reasons that support the exercise of this right:

1. Irrelevance: the personal data that your organization holds about me is no longer relevant to the initial purpose for which it was collected.

2. Unwarranted harm: The continued processing of my personal data may cause unwarranted harm to me or my reputation, which is contrary to my legitimate interest in the protection of my privacy.

I therefore request you to take the necessary steps to delete all my personal data held by your website and to cease any further processing of my personal data.

I would appreciate your immediate attention to this matter and your written confirmation that the necessary steps have been taken to delete my personal data.

Yours sincerely,
Matthew Ledvina
